**ABSTRACT**

- 5 A product comprising a container having a body defined by a container wall made of  
a plastics material, at least part of the container wall comprising spaced apart inner  
and outer walls, a label being located on the outer surface of the outer wall, the body  
having an internal cavity containing a medicament content and being bounded at least  
in part by the inner wall. Examples of containers are described, as are examples of  
10 typical medicament contents.
